AGENCY OF NATURAL RESOURCES

Interim Petroleum Cleanup Fund Maximum Reimbursement Rates
April 2024

A list of maximum reimbursement rates relating to site investigation and monitoring tasks is included in the *Procedures for Reimbursement from The Petroleum Cleanup Fund*, effective September 2014. Recent issues pertaining to the reimbursement of waste disposal costs has prompted the Vermont Agency of natural Resources, Department of Environmental Conservation, Waste Management and Prevention Division to develop reimbursement rates for two waste disposal related items. A complete revision of the maximum Petroleum Cleanup Fund (PCF) reimbursement rates will be undertaken in 2024. In the interim, the maximum PCF reimbursement rates provided in the PCF reimbursement guidance, interim rates published in April 2020 and November 2021, and in the list below are effective. The rates provided below are subject to change.

Waste Disposal	
Item	Maximum Rate/Unit
Fuel surcharge	13% [†]
Manifest Submission Fees	
Scanned Image Upload	\$22.00
Data + Image Upload	\$10.00
Electronic Manifest (Fully Electronic and Hybrid)	\$6.00

[†] Calculated using USGSA allowable percentage fuel surcharge for the March 2024 fuel price for New England (PADD1) published by the USDOE/EIA.

In order to receive reimbursement for any item(s) on the list above, a PCF reimbursement claim must be provided to the WMPD in accordance with Chapter 9 of the PCF reimbursement guidance. Reimbursement approval is subject to fund availability and WMPD review of the claim and any associated, required deliverable.
